

Important Notice to Parents and Guardians of 6th grade students

December 30, 2019

Dear Parent or Guardian:

Please ensure that your child is ready for 7th grade by updating their immunizations. In order for your child to start 7th grade, you will need to bring documentation that your child has received the immunizations listed on the enclosed flier.

California Health and Safety Code sections 120325-120375 state that children in California are required to receive certain immunizations in order to attend public elementary and secondary schools. **Students who do not meet the immunization requirements will not be able to attend school.** Please turn in documentation to your child's school or fax them to: 530-741-7850.

Under California law, vaccines required for school may no longer be excused due to personal beliefs, including religious beliefs. Personal beliefs exemptions that have already been filed for students in grades K (including transitional kindergarten) through 6th grade remain valid until the student reaches 7th grade.

If you are requesting a medical exemption, starting July 1, 2019, a parent or guardian must submit a signed, written statement from a physician (MD or DO) licensed in California which states:

- The specific nature of the physical condition or medical circumstance of the child for which a licensed physician does not recommend immunization.
- Each specific required vaccine that is being exempted.
- Whether the medical exemption is permanent or temporary.
- If the exemption is temporary, an expiration date no more than 12 calendar months from the date of signing.

Enclosed, you will find a list of your local resources in which you can access immunizations. Please feel free to call the Health Services department with any questions at 530-749-6141. Thank you for helping us keep your child, our school, and our community safe and healthy.

Sincerely,

Jessica Guth

Director of Program Services
