

Hi, this is Gay Todd, Superintendent of the Marysville Joint Unified School District.

I'm calling to ask for your input to help us update our Local Control Accountability Plan for the 2015-16 school year. This plan outlines priority areas of accountability and helps shape how the district's budget will help students achieve academic success.

Beginning March 18th, the online LCAP 2015 Survey will be posted on our website. To complete the survey, go to www.mjusd.com. Look for the Recent News on the homepage and click on the LCAP 2015 Survey "read more" link.

Once you click on the survey link, simply place an "X" next to **five (5) items** listed that are your top priorities for helping MJUSD students achieve academic success.

Surveys will also be available at each school office if you do not have access to the internet. Completed written surveys can be returned to any MJUSD school office or mailed to the Superintendent's Office at 1919 B Street, Marysville, CA 95901.

We value your opinion and appreciate your willingness to help guide our efforts to help all student achieve academic success.

This message will also be available on the website.

Thank you!
