- C. DISTRICT shall cure any Event of Default asserted by CONTRACTOR within FORTY-FIVE (45) calendar days of CONTRACTOR's issuance of a Default Notice, unless the Event of Default cannot reasonably be cured within the 45-day cure period. Prior to the expiration of the 45-day cure period, DISTRICT may submit a written request for additional time to cure the Event of Default upon a showing that DISTRICT has commenced its efforts to cure the Event of Default and that the Event of Default cannot be reasonably cured within the 45-day cure period. The foregoing notwithstanding, an Event of Default dealing with DISTRICT's failure to timely pay any undisputed sums to CONTRACTOR as provided under Section 1.4, above, shall be cured by DISTRICT within five (5) calendar days from the date of CONTRACTOR's Default Notice to DISTRICT.
- D. DISTRICT, in its sole and absolute discretion, may also immediately suspend CONTRACTOR's performance under this Agreement pending CONTRACTOR's cure of any Event of Default by giving CONTRACTOR written notice of DISTRICT's intent to suspend CONTRACTOR's performance (hereinafter, a "Suspension Notice"). DISTRICT may issue the Suspension Notice at any time upon the occurrence of an Event of Default. Upon such suspension, CONTRACTOR shall be compensated only for those services and tasks which have been rendered by CONTRACTOR to the reasonable satisfaction of DISTRICT up to the effective date of the suspension. No actual or asserted breach of this Agreement on the part of DISTRICT shall operate to prohibit or otherwise restrict DISTRICT's ability to suspend this Agreement as provided herein.
- E. No waiver of any Event of Default or breach under this Agreement shall constitute a waiver of any other or subsequent Event of Default or breach. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.
- F. The duties and obligations imposed under this Agreement and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. In addition to any other remedies available to DISTRICT at law or under this Agreement in the event of any breach of this Agreement, DISTRICT, in its sole and absolute discretion, may also pursue any one or more of the following remedies:
 - i. Upon written notice to CONTRACTOR, the DISTRICT may immediately terminate this Agreement in whole or in part;
 - ii. Upon written notice to CONTRACTOR, the DISTRICT may extend the time of performance;
 - iii. The DISTRICT may proceed by appropriate court action to enforce the terms of the Agreement to recover damages for CONTRACTOR's breach of the Agreement or to terminate the Agreement; or
 - iv. The DISTRICT may exercise any other available and lawful right or remedy.

CONTRACTOR shall be liable for all legal fees plus other costs and expenses that DISTRICT incurs upon a breach of this Agreement or in the DISTRICT's exercise of its remedies under this Agreement.

- G. In the event DISTRICT is in breach of this Agreement, CONTRACTOR's sole remedy shall be the suspension or termination of this Agreement and/or the recovery of any unpaid sums lawfully owed to CONTRACTOR under this Agreement for completed services and tasks.
- 5.3 SCOPE OF WAIVER: No waiver of any default or breach under this Agreement shall constitute a waiver of any other default or breach, whether of the same or other covenant, warranty, agreement, term, condition, duty or requirement contained in this Agreement. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.
- 5.4 SURVIVING ARTICLES, SECTIONS AND PROVISIONS: The termination of this Agreement pursuant to any provision of this Article or by normal expiration of its term or any extension thereto shall not operate to terminate any Article, Section or provision contained herein which provides that it shall survive the termination or normal expiration of this Agreement.

TERMS AND CONDITIONS

ARTICLE 1. WAGE RATES: Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site (www.dir.ca.gov).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

Revised 10-06-2016

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2016. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

ARTICLE 2. APPRENTICES: Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contact award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

ARTICLE 3. WORK HOURS: As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

ARTICLE 4. SUBCONTRACTING: Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. ARTICLE 6. WORKERS' COMPENSATION INSURANCE: The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's Insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

ARTICLE 7. PROOF OF INSURANCE: Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. *Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

Revised 10-06-2016

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

ARTICLE 8. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

ARTICLE 9. MATERIALS: Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

ARTICLE 12. PROTECTION OF WORK AND PROPERTY: The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT: If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

ARTICLE 15. CLEAN UP: Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED: Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET: If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

ARTICLE 19. CHANGE ORDERS: Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS: For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt of the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY: All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater): The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

WHEREAS, the **MARYSVILLE JOINT UNIFIED SCHOOL DISTRICT** (the "Obligee") has awarded to Kiz Construction Inc. described as:

Repair and Replace Dry Rotted Fascia and Trim Board at Lindhurst Building C.

(the "Project"); and

WHEREAS, the Work to be performed by the Principal is more particularly set forth in that certain Agreement between the Principal and the Obligor, dated February 28, 2017, which Agreement and all other contract documents set forth therein (collectively, the "Contract Documents") are incorporated herein and made a part hereof by this reference; and

WHEREAS, by the terms of the Contract Documents, the Principal is required to furnish a bond ensuring the Principal's prompt, full and faithful performance of the Work under the Contract Documents ("Bond").

NOW THEREFORE, we, Kiz Construction Inc., as Principal, and American Contractors Indemnity Company, as Surety, are held and firmly bound, along with our respective heirs, executors, administrators, successors and assigns, jointly and severally, unto **MARYSVILLE JOINT UNIFIED SCHOOL DISTRICT**, as Obligor, for payment of the penal sum of Forty Two Thousand Nine Hundred Dollars (\$42,900.00), said sum being not less than one hundred percent (100%) of the total amount payable by the Obligor under the terms of the Contract Documents, in lawful money of the United States, as more particularly set forth herein.

The condition of the obligation is such that if the Principal promptly, fully and faithfully performs each and all of the obligations and things to be done and performed by the Principal in strict accordance with the terms of the Contract Documents as they may be modified or amended from time to time, and if the Principal indemnifies and saves harmless the Obligor and all of its officers, agents and employees from any and all losses, liability and damages, claims, judgments, liens, costs, and fees of every description which may be incurred by the Obligor by reason of the failure or default on the part of the Principal in the performance of any or all of the terms or the obligations of the Contract Documents, including all modifications and amendments thereto, and any warranties or guarantees required thereunder, then this obligation shall be void; otherwise, it shall be, and remain, in full force and effect.

The Surety, for value received, hereby stipulates and agrees that no change, adjustment of the Contract Time, adjustment of the Contract Price, alterations, deletions, additions, or any other modifications to the terms of the Contract Documents, the Work to be performed thereunder, or to the Specifications or the Drawings shall limit, restrict or otherwise impair Surety's obligations or Obligor's rights hereunder. Surety hereby waives notice from the Obligor of any such changes, adjustments of Contract Time, adjustments of Contract Price, alterations, deletions, additions or other modifications to the Contract Documents, the Work to be performed under the Contract Documents, or the Drawings or the Specifications. In the event of the Obligor's termination of the Contract due to the Principal's breach or default of the Contract Documents, within twenty (20) days after written notice from the Obligor to the Surety of the Principal's breach or default of the Contract Documents and Obligor's termination of the Contract, the Surety shall notify Obligor in writing of Surety's assumption of obligations hereunder by its election to either remedy the default or breach of the Principal or to take charge of the Work of the Contract

Documents and complete the Work at its own expense ("Notice of Election"); provided, however, that the procedure by which the Surety undertakes to discharge its obligations under this Bond shall be subject to the advance written approval of the Obligor, which approval shall not be unreasonably withheld, limited or restricted. The insolvency of the Principal or the Principal's mere denial of a failure of performance or default under the Contract Documents shall not by itself, without the Surety's prompt, diligent inquiry and investigation of such denial, be justification for Surety's failure to give the Notice of Election or for its failure to promptly remedy the failure of performance or default of the Principal or to complete the Work.

In the event the Surety fails to issue its Notice of Election to Obligor within the time specified herein, the Obligor may take all such action or actions necessary to cure or remedy the Principal's failure of performance or default or to complete the Work. The Principal and the Surety shall be each jointly and severally liable to the Obligor for all damages and costs sustained by the Obligor as a result of the Principal's failure of performance under the Contract Documents or default in its performance of obligations thereunder, including without limitation the costs of cure or completion exceeding the then remaining balance of the Contract Price; provided that the Surety's liability hereunder for the costs of performance, damages and other costs sustained by the Obligor upon the Principal's failure of performance under or default under the Contract Documents shall be limited to the penal sum hereof, which shall be deemed to include the costs or value of any Changes of any Work which increase the Contract Price.

In the event that suit or other proceeding is brought upon this Bond by the Obligor, the Surety shall pay to the Obligor all costs, expenses and fees incurred by the Obligor in connection therewith, including without limitation, attorneys' fees.

TERMS AND CONDITIONS

ARTICLE 1. WAGE RATES: Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages. In the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site (www.dir.ca.gov).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

Revised 10-08-2018

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

ARTICLE 2. APPRENTICES: Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contract award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

ARTICLE 3. WORK HOURS: As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

ARTICLE 4. SUBCONTRACTING: Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

ARTICLE 6. WORKERS' COMPENSATION INSURANCE: The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

ARTICLE 7. PROOF OF INSURANCE: Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000*; Medical Expense (per person) \$5,000. *Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

Revised 10-08-2016

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

ARTICLE 8. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

ARTICLE 9. MATERIALS: Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

ARTICLE 10. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

ARTICLE 12. PROTECTION OF WORK AND PROPERTY: The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT: If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

ARTICLE 15. CLEAN UP: Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, plank and construction toilet and similar temporary facilities from site.

ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED: Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET: If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractors' cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

ARTICLE 19. CHANGE ORDERS: Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS: For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 10-08-2016

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY: All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater): The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

Quote for replacement of HVAC system
Contact: Travis Barnett
2/28/17

Travis,

We propose to furnish and install a new 3 ton 14 SEER Carrier Heat Pump split system. This new system will use R410A refrigerant, to replace the existing R22 equipment. The indoor fan coil unit is the original unit that is roughly 25+ years old, the existing outdoor unit is a Lennox R22 unit rated at 13 SEER.

We are proposing to replace both the indoor and outdoor equipment to bring the system up to the standard of R410A refrigerant and to ensure that the system is in proper working condition upon completion (the existing outdoor unit has been running until an internal overload would shut the unit down).

Our cost includes the crane needed to get the new unit on the roof and removing the old unit.

Exclusions: Permits and Bonds, Painting, Patchwork,

The cost for this work will be \$6149 Tax and Labor Included.

After 90 days this proposal is subject to any increases in cost of labor and material. The proper workmen's compensation property damage and public liability insurance cover our men for your protection. Acceptance of this proposal, subject to approval by an officer of the company, constitutes a contract.

TERMS AND CONDITIONS

ARTICLE 1. WAGE RATES: Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site (www.dir.ca.gov).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

Revised 10-06-2016

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

ARTICLE 2. APPRENTICES: Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contract award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

ARTICLE 3. WORK HOURS: As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District.

ARTICLE 4. SUBCONTRACTING: Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

ARTICLE 5. ASSIGNMENT: Contractor shall not assign or transfer by operation or law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

ARTICLE 6. WORKERS' COMPENSATION INSURANCE: The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. - The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.

- In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

ARTICLE 19. CHANGE ORDERS: Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS: For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY: All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater): The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

TERMS AND CONDITIONS

ARTICLE 1, WAGE RATES: Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site (www.dir.ca.gov).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

ARTICLE 2, APPRENTICES: Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contact award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

ARTICLE 3. WORK HOURS: As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

ARTICLE 4. SUBCONTRACTING: Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

ARTICLE 6. WORKERS' COMPENSATION INSURANCE: The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

ARTICLE 7. PROOF OF INSURANCE: Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. *Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

Revised 02-28-2017

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

ARTICLE 8. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

ARTICLE 9. MATERIALS: Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

ARTICLE 12. PROTECTION OF WORK AND PROPERTY: The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT: If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

ARTICLE 15. CLEAN UP: Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED: Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET: If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

ARTICLE 19. CHANGE ORDERS: Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS: For public work claims of \$375,000 or less between Contractor and District, If District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.
