

**Marysville Joint Unified School District**

**1919 B Street, Marysville, California 95901  
Purchasing Department**

**PUBLIC WORKS CONTRACT FOR SERVICES \$45,000 AND UNDER**

THIS CONTRACT made and entered into on May 22, 2018 (Insert Board meeting date or ratification date), by and between W.V. Alton, Inc. hereinafter called the CONTRACTOR and the MARYSVILLE JOINT UNIFIED SCHOOL DISTRICT hereinafter called the DISTRICT.

WITNESSETH; The parties do hereby contract and agree as follows:

1. The CONTRACTOR shall furnish labor and materials to the DISTRICT in accordance with the Terms & Conditions set forth in ATTACHMENT B hereof and incorporated herein by this reference and any specifications attached for a total contract price of:

Six thousand                      hundred Eighty Five and 13 /100 Dollars (\$ 6,085.13 )

(MAY NOT EXCEED \$45,000) – to be paid in full within thirty (30) days after completion and acceptance.

2. Contractor shall be a licensed contractor pursuant to the Business and Professions Code and shall be licensed in the following classification: C20 (add applicable to trade).
3. (Check contractor license classification appropriateness at: [http://www.cslb.ca.gov/About\\_Us/Library/Licensing\\_Classifications/](http://www.cslb.ca.gov/About_Us/Library/Licensing_Classifications/) and contractor license status at: <https://www2.cslb.ca.gov/OnlineServices/CheckLicenseII/CheckLicense.aspx>).
4. This contract shall commence upon Board approval as of May 23, 2018. (Insert date after Board approval date or ratification date) with work to be completed within            ( ) consecutive days and/or by June 30, 2018.
5. **SCOPE OF WORK:** By submitting a proposal, contractors warrant that they have made a site examination as they deem necessary as to the condition of the site and certify all measurements, specifications and conditions affecting the work to be performed at the site. Proposals are subject to acceptance by the signing of a contract and issuance of an appropriate purchase order. The District reserves the right to accept or reject any and all quotes and reserves the right to waive any informality in any quote. **CONTRACTOR PROPOSES TO FURNISH LABOR AND MATERIAL IN ACCORDANCE WITH THE FOLLOWING SPECIFICATIONS:** (Describe in detail the scope of the proposed project and materials to be furnished)
  - Refer to ATTACHMENT J, attached hereto (insert or attached proposal must state at prevailing wage for all services \$1,000 or above but not to exceed \$45,000)

CONTRACTOR CERTIFICATION FORM

**CERTIFICATION PURSUANT TO EDUCATION CODE SECTION 45125.1**

The District has determined per Education Code Section 45125.1, subdivision (c) that in performing services to this contract, Contractor's employees may have contact with pupils. As required under Education Code Section 45125.1, subdivision (a), Contractor shall require their employees, including the employees of any subcontractor, who will provide services pursuant to this contract to submit their fingerprints in a manner authorized by the Department of Justice in order to conduct a criminal background check to determine whether such employees have been convicted of or have charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall not permit any employee to perform services who may come in contact with pupils under this contract until the Department of Justice has determined that the employee has not been convicted of a felony or has not criminal charges pending for a felony as defined in Section 45122.1.

Contractor shall certify in writing to the District that all of its employees who may come in contact with pupils have not been convicted of or have no criminal charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall defend, indemnify, protect and hold the District and its agents, officers and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arise from or are connected with or are caused or claimed to be caused by Contractor's failure to comply with all of the requirements contained in Education Code Section 45125.1, including, but not limited to, the requirements prohibiting Contractor for using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code Section 45122.1.

It is understood that by signing this document, Contractor agrees they are familiar with Education Code Section 45122.1. The following individuals are employees of Contractor who may come in contact with pupils in the performance of services in this contract.

### ATTACHMENT B

#### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site ([www.dir.ca.gov](http://www.dir.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contract award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District.

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation or law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3108 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing of responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

THIS CONCLUDES THE GENERAL TERMS AND CONDITIONS

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

**CRIMINAL BACKGROUND  
INVESTIGATION/ FINGERPRINTING CERTIFICATION**

This Criminal Background - Fingerprinting Certification form **must** be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Cordua Elementary HVAC/Room #1 between the Marysville Joint Unified School District ("District" or "Owner") and W.V. Alton, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: Eric Hansard

Title: RME CEO

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

#### SCHOOL SAFETY ACT – COMMUNICATIONS WITH PUPILS

X In accordance with Education Code Section 45125.1, the District has determined that fingerprinting and certification will be required of the employees of the Contractor who provide services under this Contract (certification form attached).

In accordance with Education Code Section 45125.1, subdivision c, the District has determined that this Contract is not subject to Education Code Section 45125.1 (a), because the Contractor's employees, including the employees of any subcontractor, will have only "limited contact" with pupils on the site. Justifications is as follows:

Work will be performed on a day or days when school is not in session (holidays, weekend or non-teaching days – may not include after school hours).

Other, describe:

Cordua Elementary School  
Proposal for Room # 1  
DIR# 1000007328  
4/20/18

Travis,

We propose to furnish and install a new Carrier 3-ton package unit for Room #1 at Cordua Elementary School. We will provide a crane for the removal of the old unit and to set the new unit in place. We will install a new LP conversion kit with this unit, along with a new gas flex. We will fabricate new duct transitions for this system.

The equipment that we are proposing is as follows:

Carrier package unit- Model # 48VLNC360603-TP  
Outside fresh air intake hood- Model # SPP09-SML-OA

The cost for this new system is as follows:

Labor- \$1,980  
Equipment and materials- \$4,105.13

Total job cost \$6,085.13 tax and labor included.

W.V. Alton is a signatory contractor with Sheet Metal Workers Local 104. All wages for this project are figured at the prevailing wage rate as set by the union.

After 90 days this proposal is subject to any increases in cost of labor and material. The proper workmen's compensation property damage and public liability insurance cover our men for your protection. Acceptance of this proposal, subject to approval by an officer of the company, constitutes a contract.

**CERTIFICATION PURSUANT TO EDUCATION CODE SECTION 45125.1**

The District has determined per Education Code Section 45125.1, subdivision (c) that in performing services to this contract, Contractor's employees may have contact with pupils. As required under Education Code Section 45125.1, subdivision (a), Contractor shall require their employees, including the employees of any subcontractor, who will provide services pursuant to this contract to submit their fingerprints in a manner authorized by the Department of Justice in order to conduct a criminal background check to determine whether such employees have been convicted of or have charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall not permit any employee to perform services who may come in contact with pupils under this contract until the Department of Justice has determined that the employee has not been convicted of a felony or has not criminal charges pending for a felony as defined in Section 45122.1.

Contractor shall certify in writing to the District that all of its employees who may come in contact with pupils have not been convicted of or have no criminal charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall defend, indemnify, protect and hold the District and its agents, officers and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arise from or are connected with or are caused or claimed to be caused by Contractor's failure to comply with all of the requirements contained in Education Code Section 45125.1, including, but not limited to, the requirements prohibiting Contractor for using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code Section 45122.1.

It is understood that by signing this document, Contractor agrees they are familiar with Education Code Section 45122.1. The following individuals are employees of Contractor who may come in contact with pupils in the performance of services in this contract.

## Marysville Joint Unified School District

### ATTACHMENT B

#### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site ([www.dlr.ca.gov](http://www.dlr.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contact award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District.

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation or law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing of responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

THIS CONCLUDES THE GENERAL TERMS AND CONDITIONS  
DATED May 23, 2018  
(Insert date after Board approval date or ratification date)  
consisting of Article 1 through Article 21

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

A handwritten signature in black ink, appearing to read "Eric Hansard", is written over a horizontal line.

**CRIMINAL BACKGROUND  
INVESTIGATION/ FINGERPRINTING CERTIFICATION**

This Criminal Background - Fingerprinting Certification form **must** be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Cordua Elementary HVAC/Room #2 between the Marysville Joint Unified School District ("District" or "Owner") and W.V. Alton, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: Eric Hanzard

Title: RME CEO

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

**PREVAILING WAGE AND  
RELATED LABOR REQUIREMENTS CERTIFICATION**

PROJECT NAME OR CONTRACT NO.: Cordua Elementary HVAC/Room #2  
between Marysville Joint Unified School District (the "District" or the "Owner") and  
W.V. Alton, Inc. (the "Contractor" or the "Bidder").

I hereby certify that I will conform to the State of California Public Works Contract requirements regarding prevailing wages, benefits, on-site audits with 48-hours notice, payroll records, and apprentice and trainee employment requirements, for all work on the above Project including, without limitation, the District's labor compliance program, if in use on this Project.

MJUSD  
Cordua Elementary School  
Proposal for Room # 2  
DIR # 1000007328  
4/20/18

Travis,

We propose to furnish and install a new Carrier 3-ton package unit for Room # 2 at Cordua Elementary School. We will provide a crane for the removal of the old unit and to set the new unit in place. We will install a new LP conversion kit with this unit, along with a new gas flex. We will fabricate new duct transitions for this system.

The equipment we are proposing is as follows:

Carrier package unit- Model # 48VLNC360603-TP  
Outside fresh air intake hood- Model # SPP09-SML-OA

The cost for this new system is as follows:

Labor- \$1980  
Equipment and materials- \$4,105.13

Total job cost \$6,085.13 tax and labor included.

W.V. Alton is a signatory contractor with Sheet Metal Workers Local 104. All wages for this project are figured at the prevailing wage rate as set by the union.

After 90 days this proposal is subject to any increases in cost of labor and material. The proper workmen's compensation property damage and public liability insurance cover our men for your protection. Acceptance of this proposal, subject to approval by an officer of the company, constitutes a contract.

**CONTRACTOR CERTIFICATION FORM**

**CERTIFICATION PURSUANT TO EDUCATION CODE SECTION 45125.1**

The District has determined per Education Code Section 45125.1, subdivision (c) that in performing services to this contract, Contractor's employees may have contact with pupils. As required under Education Code Section 45125.1, subdivision (a), Contractor shall require their employees, including the employees of any subcontractor, who will provide services pursuant to this contract to submit their fingerprints in a manner authorized by the Department of Justice in order to conduct a criminal background check to determine whether such employees have been convicted of or have charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall not permit any employee to perform services who may come in contact with pupils under this contract until the Department of Justice has determined that the employee has not been convicted of a felony or has not criminal charges pending for a felony as defined in Section 45122.1.

Contractor shall certify in writing to the District that all of its employees who may come in contact with pupils have not been convicted of or have no criminal charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall defend, indemnify, protect and hold the District and its agents, officers and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arise from or are connected with or are caused or claimed to be caused by Contractor's failure to comply with all of the requirements contained in Education Code Section 45125.1, including, but not limited to, the requirements prohibiting Contractor for using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code Section 45122.1.

It is understood that by signing this document, Contractor agrees they are familiar with Education Code Section 45122.1. The following individuals are employees of Contractor who may come in contact with pupils in the performance of services in this contract.

### ATTACHMENT B

#### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site ([www.dir.ca.gov](http://www.dir.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contract award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District.

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation or law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000\*; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surely of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") – General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt of the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing of responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

THIS CONCLUDES THE GENERAL TERMS AND CONDITIONS

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

A handwritten signature in black ink, appearing to read "Eric Hansard", is written over a horizontal line.

**CRIMINAL BACKGROUND**  
**INVESTIGATION/ FINGERPRINTING CERTIFICATION**

This Criminal Background - Fingerprinting Certification form **must** be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Cordia Elementary HVAC/Principals Office between the Marysville Joint Unified School District ("District" or "Owner") and W.V. Alton, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: Eric Harward

Title: RME CEO

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

#### SCHOOL SAFETY ACT – COMMUNICATIONS WITH PUPILS

X In accordance with Education Code Section 45125.1, the District has determined that fingerprinting and certification will be required of the employees of the Contractor who provide services under this Contract (certification form attached).

In accordance with Education Code Section 45125.1, subdivision c, the District has determined that this Contract is not subject to Education Code Section 45125.1 (a), because the Contractor's employees, including the employees of any subcontractor, will have only "limited contact" with pupils on the site. Justifications is as follows:

Work will be performed on a day or days when school is not in session (holidays, weekend or non-teaching days – may not include after school hours).

Other, describe:

Proposal for Principals office  
DIR# 1000007328  
4/20/18

Travis,

We propose to furnish and install a new Carrier 1-ton ductless heat pump system for the Principals office at Cordua Elementary School. We will install the electrical for this installation as well.

The equipment we are proposing is as follows:

Carrier outdoor heat pump- Model # 40MHRQ12A3  
Carrier indoor high wall unit- Model # 40MHHQ123

The cost for this system is as follows:

Labor- \$3,360  
Equipment and materials- \$2,009.89

Total job cost is \$5369.88 tax and labor included.

W.V. Alton is a signatory contractor with Sheet Metal Workers Local 104. All wages for this project are figured at the prevailing wage rate as set by the union.

After 90 days this proposal is subject to any increases in cost of labor and material. The proper workmen's compensation property damage and public liability insurance cover our men for your protection. Acceptance of this proposal, subject to approval by an officer of the company, constitutes a contract.

CONTRACTOR CERTIFICATION FORM

**CERTIFICATION PURSUANT TO EDUCATION CODE SECTION 45125.1**

The District has determined per Education Code Section 45125.1, subdivision (c) that in performing services to this contract, Contractor's employees may have contact with pupils. As required under Education Code Section 45125.1, subdivision (a), Contractor shall require their employees, including the employees of any subcontractor, who will provide services pursuant to this contract to submit their fingerprints in a manner authorized by the Department of Justice in order to conduct a criminal background check to determine whether such employees have been convicted of or have charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall not permit any employee to perform services who may come in contact with pupils under this contract until the Department of Justice has determined that the employee has not been convicted of a felony or has not criminal charges pending for a felony as defined in Section 45122.1.

Contractor shall certify in writing to the District that all of its employees who may come in contact with pupils have not been convicted of or have no criminal charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall defend, indemnify, protect and hold the District and its agents, officers and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arise from or are connected with or are caused or claimed to be caused by Contractor's failure to comply with all of the requirements contained in Education Code Section 45125.1, including, but not limited to, the requirements prohibiting Contractor for using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code Section 45122.1.

It is understood that by signing this document, Contractor agrees they are familiar with Education Code Section 45122.1. The following individuals are employees of Contractor who may come in contact with pupils in the performance of services in this contract.

### ATTACHMENT B

### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site ([www.dir.ca.gov](http://www.dir.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contract award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

Revised 02-28-2017

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[/her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

This Criminal Background - Fingerprinting Certification form **must** be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Covillaud HVAC A Main building between the Marysville Joint Unified School District ("District" or "Owner") and W.V. Alton, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: Eric Hansard

Title: RME CEO

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

### ATTACHMENT D Continued

#### SCHOOL SAFETY ACT – COMMUNICATIONS WITH PUPILS

X \_\_\_\_\_ In accordance with Education Code Section 45125.1, the District has determined that fingerprinting and certification will be required of the employees of the Contractor who provide services under this Contract (certification form attached).

\_\_\_\_\_ In accordance with Education Code Section 45125.1, subdivision c, the District has determined that this Contract is not subject to Education Code Section 45125.1 (a), because the Contractor's employees, including the employees of any subcontractor, will have only "limited contact" with pupils on the site. Justifications is as follows:

\_\_\_\_\_ Work will be performed on a day or days when school is not in session (holidays, weekend or non-teaching days – may not include after school hours).

\_\_\_\_\_ Other, describe:

MJUSD  
Proposal for Covillaud Elementary School  
DIR # 1000007328  
4/26/18

Travis,

We propose to furnish and install 6 new Carrier brand 3-ton package units and 8 new curbs. We will remove the 6 old units from the roof and install the new units on curbs. The 2 newest units will be re-set on new curbs as well. We will install all new disconnects, gas flexes, and condensate lines. The six new units will include new economizers.

The Carrier units we are proposing are as follows:

- (6) Carrier model # 48KCLA04A2A5
- (6) Economizers Model # ECD-SRT12CA-D2DH
- (8) 14" tall roof curbs

The breakdown of cost are as follows:

Equipment- \$22,114  
Labor-\$8,552  
Crane- \$800  
Tax- \$1,660  
Total Job Cost \$33,126

After 90 days this proposal is subject to any increases in cost of labor and material. The proper workmen's compensation property damage and public liability insurance cover our men for your protection. Acceptance of this proposal, subject to approval by an officer of the company, constitutes a contract.

**PUBLIC WORKS CONTRACT FOR SERVICES \$45,000 AND UNDER**

THIS CONTRACT made and entered into on May 22, 2018 (Insert Board meeting date or ratification date), by and between W.V. Alton, Inc. hereinafter called the **CONTRACTOR** and the **MARYSVILLE JOINT UNIFIED SCHOOL DISTRICT** hereinafter called the **DISTRICT**.

WITNESSETH; The parties do hereby contract and agree as follows:

1. The **CONTRACTOR** shall furnish labor and materials to the **DISTRICT** in accordance with the **Terms & Conditions** set forth in **ATTACHMENT B** hereof and incorporated herein by this reference and any specifications attached for a total contract price of:

Ten thousand Three hundred Eighty Two and 27 /100 Dollars (\$ 10,382.27 )

(MAY NOT EXCEED \$45,000) – to be paid in full within thirty (30) days after completion and acceptance.

2. Contractor shall be a licensed contractor pursuant to the Business and Professions Code and shall be licensed in the following classification: C20 (add applicable to trade).
3. (Check contractor license classification appropriateness at: [http://www.cslb.ca.gov/About\\_Us/Library/Licensing\\_Classifications/](http://www.cslb.ca.gov/About_Us/Library/Licensing_Classifications/) and contractor license status at: <https://www2.cslb.ca.gov/OnlineServices/CheckLicenseII/CheckLicense.aspx>).
4. This contract shall commence upon Board approval as of May 23, 2018 (insert date after Board approval date or ratification date) with work to be completed within ( ) consecutive days and/or by June 30, 2018.
5. **SCOPE OF WORK:** By submitting a proposal, contractors warrant that they have made a site examination as they deem necessary as to the condition of the site and certify all measurements, specifications and conditions affecting the work to be performed at the site. Proposals are subject to acceptance by the signing of a contract and issuance of an appropriate purchase order. The District reserves the right to accept or reject any and all quotes and reserves the right to waive any informality in any quote. **CONTRACTOR PROPOSES TO FURNISH LABOR AND MATERIAL IN ACCORDANCE WITH THE FOLLOWING SPECIFICATIONS:** (Describe in detail the scope of the proposed project and materials to be furnished)
  - Refer to **ATTACHMENT J**, attached hereto (Insert or attached proposal must state at prevailing wage for all services \$1,000 or above but not to exceed \$45,000)

**CONTRACTOR CERTIFICATION FORM**

**CERTIFICATION PURSUANT TO EDUCATION CODE SECTION 45125.1**

The District has determined per Education Code Section 45125.1, subdivision (c) that in performing services to this contract, Contractor's employees may have contact with pupils. As required under Education Code Section 45125.1, subdivision (a), Contractor shall require their employees, including the employees of any subcontractor, who will provide services pursuant to this contract to submit their fingerprints in a manner authorized by the Department of Justice in order to conduct a criminal background check to determine whether such employees have been convicted of or have charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall not permit any employee to perform services who may come in contact with pupils under this contract until the Department of Justice has determined that the employee has not been convicted of a felony or has not criminal charges pending for a felony as defined in Section 45122.1.

Contractor shall certify in writing to the District that all of its employees who may come in contact with pupils have not been convicted of or have no criminal charges pending for a felony as defined in Education Code Section 45122.1.

Contractor shall defend, indemnify, protect and hold the District and its agents, officers and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arise from or are connected with or are caused or claimed to be caused by Contractor's failure to comply with all of the requirements contained in Education Code Section 45125.1, including, but not limited to, the requirements prohibiting Contractor for using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code Section 45122.1.

It is understood that by signing this document, Contractor agrees they are familiar with Education Code Section 45122.1. The following individuals are employees of Contractor who may come in contact with pupils in the performance of services in this contract.

Name(s) of employee(s):

Tom Hampton  
Scott Sutherland  
Vincent Keo

Name(s) of employee(s):

I certify that none of the individuals identified above has been convicted of a felony as defined in Education Code Section 45122.1.

### ATTACHMENT B

#### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request Refer to web site ([www.dlr.ca.gov](http://www.dlr.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

Revised 02-28-2017

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contact award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-third of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation or law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000\*; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

Revised 02-28-2017

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- a. The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- b. Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- c. In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt of the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing of responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

**THIS CONCLUDES THE GENERAL TERMS AND CONDITIONS DATED May, 23 2018**

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[/her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

**CRIMINAL BACKGROUND  
INVESTIGATION/ FINGERPRINTING CERTIFICATION**

This Criminal Background - Fingerprinting Certification form **must** be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Covillaud School HVAC/Multipurpose Room between the Marysville Joint Unified School District ("District" or "Owner") and W.V. Alton, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: Eric Hansard

Title: RME CEO

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

Proposal for new HVAC unit on Multipurpose Room  
DIR# 1000007328  
4/20/18

Travis,

We propose to furnish and install a new Carrier 10-ton package unit for the Multipurpose Room at Covillaud School. We will provide the required crane for the removal of the old unit and the setting of the new unit.

The equipment that we are proposing is as follows:

Carrier 10-ton package unit- Model # 48TCDD12A2A5  
Down discharge economizer- Model # ECD-SRT34CA-D2DH

W.V. Alton is a signatory contractor with Sheet Metal Workers Local 104. All wages for this project are figured at the prevailing wage rate as set by the union.

The cost for this work will be as follows: Labor- \$1680  
Equipment and materials- \$8,702.27

Job total cost is \$10,382.27 tax and labor included.

After 90 days this proposal is subject to any increases in cost of labor and material. The proper workmen's compensation property damage and public liability insurance cover our men for your protection. Acceptance of this proposal, subject to approval by an officer of the company, constitutes a contract.

### ATTACHMENT B

### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site ([www.dir.ca.gov](http://www.dir.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1726.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2016, and any contract for public work awarded on or after April 1, 2016. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2016, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1778 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contact award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractors' cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt of the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

**THIS CONCLUDES THE GENERAL TERMS AND CONDITIONS  
DATED May 23 2018  
(Insert date after Board approval date or ratification date)  
consisting of Article 1 through Article 21**

**Marysville Joint Unified School District**

**ATTACHMENT C**

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[/her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

**CRIMINAL BACKGROUND**  
**INVESTIGATION/ FINGERPRINTING CERTIFICATION**

This Criminal Background - Fingerprinting Certification form **must** be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Roof Restorations/Ella between the Marysville Joint Unified School District ("District" or "Owner") and Rua & Son Mechanical, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: TBD

Title: Foreman

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

**ATTACHMENT D Continued on Next Page**

### ATTACHMENT D Continued

#### SCHOOL SAFETY ACT – COMMUNICATIONS WITH PUPILS

X In accordance with Education Code Section 45125.1, the District has determined that fingerprinting and certification will be required of the employees of the Contractor who provide services under this Contract (certification form attached).

       In accordance with Education Code Section 45125.1, subdivision c, the District has determined that this Contract is not subject to Education Code Section 45125.1 (a), because the Contractor's employees, including the employees of any subcontractor, will have only "limited contact" with pupils on the site. Justifications is as follows:

       Work will be performed on a day or days when school is not in session (holidays, weekend or non-teaching days – may not include after school hours).

       Other, describe:

#### DISTRICT

Signature:  Title: Director Buildings & Grounds Date: 5-10-18  
Signature of District Official responsible for assuring selected conditions are met in accordance with Education Code Section 45125.2, if applicable.

Contractor understands that District department staff may monitor and evaluate adherence to these conditions during the performance of their work.

Form

**W-9**(Rev. December 2014)  
Department of the Treasury  
Internal Revenue Service**Request for Taxpayer  
Identification Number and Certification**Give Form to the  
requester. Do not  
send to the IRS.Print or type  
See Specific Instructions on page 2.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Rua &amp; Son Mechanical Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only one of the following seven boxes:

- ☐ Individual/sole proprietor or single-member LLC
- ☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶ \_\_\_\_\_
- ☐ Other (see instructions) ▶ \_\_\_\_\_
- ☐ C Corporation
- ☒ S Corporation
- ☐ Partnership
- ☐ Trust/estate
- Note.* For a single-member LLC that is disregarded, do not check LLC; check the appropriate box in the line above for the tax classification of the single-member owner.

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) \_\_\_\_\_

Exemption from FATCA reporting code (if any) \_\_\_\_\_

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)

4265 Duluth Avenue

6 City, state, and ZIP code

Rocklin, CA 95765

7 List account number(s) here (optional)

Requester's name and address (optional)

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I Instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

**Note.** If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Social security number

			-				
--	--	--	---	--	--	--	--

OR

Employer identification number

5	1	-	0	4	3	7	7	0	5
---	---	---	---	---	---	---	---	---	---

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

**Sign Here**

Signature of U.S. person ▶

Date ▶

11-1-17

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at [www.irs.gov/fw9](http://www.irs.gov/fw9).

**Purpose of Form**

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

281

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**ADDITIONAL INSURED – OWNERS, LESSEES OR  
CONTRACTORS – SCHEDULED PERSON OR  
ORGANIZATION**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
As Required by Written Contract Prior to Loss.	All Covered Locations.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

**A. Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

**B.** With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

282

- C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

283

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

## **ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART  
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

### **SCHEDULE**

<b>Name Of Additional Insured Person(s) Or Organization(s)</b>	<b>Location And Description Of Completed Operations</b>
As Required by Written Contract Prior to Loss.	All Covered Locations.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

**A. Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

**B. With respect to the insurance afforded to these additional insureds, the following is added to Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

284

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

**DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE  
LIMIT  
WITH MAXIMUM POLICY AGGREGATE LIMIT**

This endorsement modifies insurance provided under the following:

**COMMERCIAL GENERAL LIABILITY COVERAGE PART**

**SCHEDULE**

<b>Designated Construction Project(s):</b>	
All projects performed by the Named Insured.	
<b>Designated Construction Project General Aggregate Limit of Insurance:</b>	\$2,000,000
<b>Maximum Policy Aggregate Limit of Insurance:</b>	\$6,000,000

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

**A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE A**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE C**, which can be attributed only to ongoing operations at a single Designated Construction Project shown in the **SCHEDULE** above:

1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount shown in the **SCHEDULE** above. However, regardless of the number of construction projects and under no circumstances will we pay any more than the Maximum Policy Aggregate stated in the endorsement **SCHEDULE** above.
2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" regardless of the number of:
  - a. Insureds;
  - b. Claims made or "suits" brought; or
  - c. Persons or organizations making claims or bringing "suits."
3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expense shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the **SCHEDULE** above.

4. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit and the Maximum Policy Aggregate Limit.
- B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expense caused by accidents under Section I – Coverage C, which cannot be attributed only to ongoing operations at a single designated construction project shown in the **SCHEDULE** above:
  1. Any payments made under Coverage A for damages or under Coverage C for medical expense shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
  2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit. They will however, contribute towards the Maximum Policy Aggregate.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit. They will however, contribute toward the Maximum Policy Aggregate.
- D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E. The provisions of Section III - Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

### ATTACHMENT B

### TERMS AND CONDITIONS

**ARTICLE 1. WAGE RATES:** Pursuant to the provisions of article 2 (commencing at section 1770), chapter 1, part 7, divisions 2 of the Labor Code of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification or type of worker needed to execute the contract. Copies of said determinations are on file at District's principal office and available to any interested party on request. Refer to web site ([www.dir.ca.gov](http://www.dir.ca.gov)).

Holiday and overtime work, when permitted by law, shall be paid for at a rate of at least one and one-half times the general prevailing rate of per diem wages as determined by the Director of Industrial Relations, unless otherwise specified. Each worker of the Contractor or any of his subcontractors engaged in work on the project shall be paid not less than the general prevailing rate of per diem wages determined by the Director of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such workers.

Each worker needed to execute the work on the project shall be paid travel and subsistence payments, as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed with the Department of Industrial Relations in accordance with Labor Code section 1173.8.

The Contractor shall, as a penalty to the District, forfeit not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by him or by any subcontractor under him. Prevailing wage rates shall also be used when determining wages paid for change order items. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor in meeting his prevailing wage obligations, or the Contractor's willful failure to pay the correct rates of prevailing wages. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor, and the Contractor shall be bound by the provisions of Labor Code section 1775.

Any worker employed to perform work on the project, which work is not covered by any classification listed in the general prevailing rate of per diem wages determined by the Director of Industrial Relations, shall be paid not less than the minimum rate of wages specified therein for the classification which most nearly corresponds to work to be performed. Such minimum wage rate shall be retroactive to the time of initial employment of such person in such classification.

Pursuant to Labor Code section 1773.1, per diem wages are deemed to include employer payments for health and welfare, pension, vacation, travel time, subsistence pay and similar purposes. Contractor shall post at appropriate conspicuous points on the site of project, a schedule showing all determined minimum wage rates and all authorized deductions, if any, from unpaid wages actually earned.

Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him in connection with the public work.

Revised 02-28-2017

The payroll records required above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- a) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
- b) A certified copy of all payroll records shall be made available for inspection or furnished upon request to a representative of District, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.
- c) A certified copy of all payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

A Contractor or Subcontractor shall not be qualified to submit a proposal on, be listed on a proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any contract for public work unless currently registered and qualified to perform public work pursuant to Labor Code §1725.5, except under the limited circumstances set forth in Labor Code §1771.1(a). This requirement shall apply to any bid proposal submitted on or after March 1, 2015, and any contract for public work awarded on or after April 1, 2015. The District may not accept a proposal or enter into a contract for a public works project with an unregistered contractor.

Pursuant to Labor Code §1771.4, this Contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Each Contractor and Subcontractor performing work on the Project shall be required to comply with the provisions of the California Labor Code, beginning with section 1720, and the regulations of the Department of Industrial Relations' Division of Labor Standards Enforcement (i.e., the Labor Commissioner), including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified payroll records, and the hiring of apprentices as appropriate. Unless otherwise specified, the Contractor shall be required to post job site notices regarding the requirements of this paragraph, as prescribed by regulation. For all new public works projects awarded on or after April 1, 2015, Contractor and each Subcontractor shall be required to furnish the records specified in Labor Code §1776 directly to the Labor Commissioner at least monthly, or more frequently if specified in the Contract Documents, and in a format prescribed by the Labor Commissioner. This requirement shall apply to all projects, whether new or ongoing, on or after January 1, 2016.

Contractor shall be responsible for complying with the provisions California Labor Code beginning with Section 1720, and the regulations of the Department of Industrial Relations, including, but not limited to, the standard provisions requiring payment of prevailing wages, maintenance and submission of certified weekly payrolls, and hiring of apprenticeship as appropriate. Contractor shall work with the Compliance Monitoring Unit to ensure the full compliance with the Department of Industrial Relations and applicable labor law.

**ARTICLE 2. APPRENTICES:** Apprentices of any crafts or trades may be employed and, when required by Labor Code section 1777.5, shall be employed provided they are properly indentured to the Contract in full compliance with provisions of the Labor Code. The prime contractor shall bear the responsibility of compliance with Labor Code section 1777.5 for all apprenticeable occupations and agrees that he

## Marysville Joint Unified School District

will comply with said section which reads: "Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. Every apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is registered."

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing with Section 3070), of Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he or she is training.

When the contractor to whom the contract is awarded by the District, in performing any of the work under the contract or subcontract, employs workers in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval as established by the joint apprenticeship committee or committees shall be subject to approval of the Administrator of Apprenticeship. The joint apprenticeship committee or committees, subsequent to approving the subject contractor or subcontractor, shall arrange for the dispatch of apprentices to the contractor or subcontractor in order to comply with this section. Every contractor and subcontractor shall submit contact award information to the applicable joint apprenticeship committee which shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices to be employed, and the approximate date the apprentices will be employed. There shall be an affirmative duty upon the joint apprenticeship committee or committees administering the apprenticeship standards of the craft or trade in the area of the site of the public work to ensure equal employment and affirmative action in apprenticeship for women and minorities. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of work performed by apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of labor performed by a journeyman. However, the minimum ratio for the land surveyor classification shall not be less than one apprentice for each five journeymen.

Any ratio shall apply during any day or portion of a day when any journeyman, or the higher standard stipulated by the joint apprenticeship committee, is employed at the job site and shall be computed on the basis of the hours worked during the day by journeymen so employed, except for the land surveyor classification. The Contractor shall employ apprentices for the number of hours computed as above before the end of the contract. However, the Contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the job site. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of a joint apprenticeship committee, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

The Contractor or subcontractor, if he is covered by this section, upon the issuance of the approval certificate, or if he has been previously approved in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the Contractor that he employs apprentices in such craft or trade in the state on all of his

contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by a journeyman, or in the land surveyor classification, one apprentice for each five journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the Contractor from the 1-to-5 hourly ratio as set forth in the section. This section shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor, when the contracts of general contractors or those specialty contractors involve less than thirty thousand (\$30,000) or 20 working days. This section shall not use any work performed by a journeyman in excess of eight hours per day or 40 hours per week to calculate the hourly ratio.

"Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with the rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met: a) Unemployment for the previous three-month period in such area exceeds an average of 15 percent. b) The number of apprentices in training in such area exceeds a ratio of 1-to-5. c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis, or on a local basis. d) Assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life, or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him who, employs journeymen or apprentices in any apprenticeable craft or trade to perform work under the contract and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. Where the trust fund administrators are unable to accept the fund, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. This contractor or subcontractor may add the amount of the contributions in computing his bid for the contract. The Division of Labor Standards Enforcement is authorized to enforce the payment of the contributions to the fund or funds as set forth in Labor Code Section 227.

The District awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. All decisions of the joint apprenticeship committee under this section are subject to Labor Code Section 3081.

**ARTICLE 3. WORK HOURS:** As provided in article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code, eight (8) hours of labor shall constitute a legal day's work. The time of service of any worker employed at any time by the Contractor or by any subcontractor on any subcontract under this contract upon the work or upon any part of the work contemplated by this contract is limited and restricted to eight (8) hours during any one-calendar day and forty (40) hours during any one-calendar week, except as hereinafter provided.

## Marysville Joint Unified School District

Notwithstanding the provisions hereinabove set forth, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon this public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half times the basic rate of pay.

The Contractor and every subcontractor shall keep accurate record showing the name and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work or any part of the work contemplated by this contract. The record shall be kept open at all reasonable hours to the inspection of the District and the Division of Labor Law Enforcement, Department of Industrial Relations of the State of California.

The Contractor shall pay to the District a penalty of twenty-five dollars (\$25) for each worker employed in the execution of this contract by the Contractor or by any subcontractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week in violation of the provisions of article 3 (commencing at section 1810), chapter 1, part 7, division 2 of the Labor Code.

Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed without additional expense to District

**ARTICLE 4. SUBCONTRACTING:** Contractor agrees to bind every subcontractor by terms of the contract as far as such terms are applicable to subcontractor's work. If Contractor shall subcontract any part of this contract, Contractor shall be fully responsible to District for acts and omissions of subcontractor and of persons either directly or indirectly employed. Nothing contained in contract documents shall create any contractual relation between any subcontractor and District.

**ARTICLE 5. ASSIGNMENT:** Contractor shall not assign or transfer by operation or law or otherwise any or all of its rights, burdens, duties, or obligations under this contract without prior written consent of District.

**ARTICLE 6. WORKERS' COMPENSATION INSURANCE:** The Contractor shall provide, during the life of this contract, workers' compensation insurance for all its employees engaged in work under this contract, or at the site of the project, and if work is sublet, the Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all the latter's employees. Any class of employee or employees not covered by a subcontractor's insurance shall be covered by the Contractor's insurance. The Contractor shall provide to the District a Certificate regarding Workers' Compensation available from the District prior to performing the work of the contract.

**ARTICLE 7. PROOF OF INSURANCE:** Contractor must provide Commercial General Liability Insurance (including automobile insurance) which provides limits of not less than \$1,000,000 per occurrence (combined single limit) and \$2,000,000 Project Specific Aggregate (for this project only). Any general liability policy provided by Contractor hereunder shall contain an endorsement which applies its coverage to District, members of District's Board of Trustees, and the officers, agents, employees and volunteers of District, the State Allocation Board, if applicable, the architect, and the architect's consultants, if applicable, individually and collectively as additional insured. Coverage additional to that shown above to be evidenced in a provided Certificate of Insurance is as follows: Products-Comp/Ops Aggregate \$1,000,000; Automobile \$1,000,000; Personal and Advertising Injury \$1,000,000; Each Occurrence \$1,000,000; Fire Damage minimum \$100,000; Medical Expense (per person) \$5,000. \*Activities that place buildings at risk for fire (use of kitchen, portable lighting, heavy electrical gear, etc. must have a \$1,000,000 Property/Fire limit.

The limits set forth above shall not be construed to relieve the Contractor from liability in excess of such coverage, nor shall it limit

contractor's indemnification obligations to District, and shall not preclude the District from taking such other actions available to District under other provisions of the contract documents or law.

Contractor and any subcontractor shall not commence work nor shall he allow any subcontractor to commence work under this contract until all required insurance certificates have been delivered to and approved by District.

**ARTICLE 8. INDEMNIFICATION:** District shall not be liable for, and Contractor shall defend and indemnify District against any and all claims, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this contract arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, including, without limitation, Claims caused by the concurrent act, error, omission or negligence of District or its agents or employees. However, Contractor shall have no obligation to defend or indemnify District from a Claim if its determined by a court of competent jurisdiction that such Claim was caused by the active negligence, sole negligence, or willful misconduct of District or its agents or employees.

**ARTICLE 9. MATERIALS:** Contractor warrants good title to all material, supplies and equipment installed or including in the work. Except as otherwise specifically stated in this contract, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities of every nature whatsoever necessary to execute and complete this contract within specified time. Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. Materials shall be furnished in ample quantities and at such times as to insure uninterrupted progress of work. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or work under this contract.

**ARTICLE 10. PATENTS, ROYALTIES AND INDEMNITIES:** The Contractor shall hold and save the District and its officers, agents and employees harmless from liability of any nature or kind, including cost and expense, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of this contract, including its use by the District, unless otherwise specifically stipulated in the contract documents.

**ARTICLE 11. GUARANTEE:** Besides guarantees required elsewhere, Contractor shall, and hereby does, guarantee all work for a period of one year after date of acceptance of work by District and shall repair or replace any or all such work, together with any other work, which may be displaced in so doing, that may prove defective in workmanship and/or materials within a one year period from date of acceptance without expense whatsoever to District, ordinary wear and tear, unusual abuse or neglect excepted. District will give notice of observed defects with reasonable promptness. Contractor shall notify District upon completion of repairs.

This article does not in any way limit the guarantee of any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish District all appropriate guarantee or warranty certificates upon completion of the project.

**ARTICLE 12. PROTECTION OF WORK AND PROPERTY:** The Contractor shall be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of this contract and shall be responsible for the proper care and protection of all materials delivered and work performed until completion and final acceptance by the District. All work shall be solely at the Contractor's risk. Contractor shall adequately protect

## Marysville Joint Unified School District

adjacent property from settlement or loss of lateral support as provided by law and contract documents. Contractor shall take all necessary precautions for safety of employees on the work and shall comply with all applicable safety laws and building codes to prevent accidents or injury to persons on, about, or adjacent to premises where work is being performed. Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, light and watchmen for protection of workers and the public and shall post danger signs warning against hazards created by such features in the course of construction. Contractor shall designate a responsible member of the organization on the work, whose duty shall be prevention of accidents. Contractor shall report name and position of person so designated to District.

**ARTICLE 13. DISTRICT'S RIGHT TO TERMINATE CONTRACT:** If the Contractor refuses or fails to prosecute the work or any separable part thereof with such diligence as will insure its completion within the time specified or any extension thereof, or fails to complete said work within such time, or if the Contractor should be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency, or if Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the work in time specified, or should fail to make prompt payment to subcontractors or for material or labor, or persistently disregard laws, ordinances or instructions of District, or otherwise be guilty of a substantial violation of any provision of the contract, or if Contractor or subcontractors should violate any of the provisions of this contract, then District may, without prejudice to any other right or remedy, serve written notice upon Contractor and surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate, and unless within ten days after the service of such notice such condition shall cease or such violation shall cease and satisfactory arrangements for the correction thereof be made, this contract shall upon the expiration of said ten (10) days, cease and terminate.

### **ARTICLE 14. COMPLIANCE WITH STORM WATER PERMIT**

Contractor shall be required to comply with all conditions of the State Water Resources Control Board ("State Water Board") National Pollutant Discharge Elimination System General Permit for Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activity ("Permit") - General NPDES Permit No. CAS000004 adopted by the State Water Resources Control Board. Contractor shall be responsible for filing the Notice of Intent and for obtaining the Permit and include all costs in the Contract amount. Contractor shall be responsible for procuring, implementing and complying with the provisions, monitoring and reporting requirements as required by the Permit. Contractor shall provide copies of all reports and monitoring information to the District Representative. Failure to comply with the Permit is in violation of federal and state law.

**ARTICLE 15. CLEAN UP:** Contractor at all times shall keep premises free from debris such as waste, rubbish and excess materials and equipment caused by his work; debris shall be removed from premises. Contractor shall not leave debris under, in, or about the premises. Upon completion of work Contractor shall clean interior and exterior of building including fixtures, equipment, walls, floors, ceilings, roofs, window sills and ledges, horizontal projections and any areas where debris has collected so surfaces are free from foreign material or discoloration; Contractor shall clean and polish all glass, plumbing fixtures and finish hardware and similar finish surfaces and equipment and remove temporary fencing, barricades, planking and construction toilet and similar temporary facilities from site.

**ARTICLE 16. PROVISIONS REQUIRED BY LAW DEEMED INSERTED:** Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such

provisions is not inserted, or is not correctly inserted then upon application of either party the contract shall forthwith be physically amended to make such insertion or correct.

**ARTICLE 17. EXCAVATION DEEPER THAN FOUR FEET:** If this contract involves digging trenches or other excavations that extend deeper than four feet below the surface, then all of the following apply:

- The Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing of any: (1) Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law. (2) Subsurface or latent physical conditions at the site differing from those indicated. (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.
- Upon receiving any such notice, the District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in this contract.
- In the event that a dispute arises between the District and the Contractor whether the conditions materially differ or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by this contract, but shall proceed with all work to be performed under the contract. A contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protest between the contracting parties.

### **ARTICLE 18. REMOVAL OR RELOCATION OF MAIN OR TRUNKLINE UTILITY FACILITIES:**

The Contractor shall not be assessed for liquidated damages for delay in completion of this project, when such delay was caused by the failure of the awarding authority of this contract or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the awarding authority and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with section 4215 of the Government Code, if the Contractor while performing the contract discovers any existing main or trunkline utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing. The public utility, where they are the owners, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work.

**ARTICLE 19. CHANGE ORDERS:** Change orders may not cause the total aggregate cost of the project to exceed \$45,000 or the project will become subject to California Uniform Public Construction Cost Accounting Act (CUPCAA) bid regulations. The District, without invalidating contract, and as provided by law, may order extra work or make changes by altering, adding to, or deducting from work, the contract sum being adjusted accordingly. All such work shall be subject to prevailing wage rates and shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. In giving instructions, Contractor agrees that the District shall

## Marysville Joint Unified School District

have authority to make minor changes in work, not involving change in cost, and not inconsistent with the purposes or approvals of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless pursuant to a written order from District, and no claim for an addition to the contract sum shall be valid unless so ordered.

**ARTICLE 20. RESOLUTION OF CONSTRUCTION CLAIMS OF \$375,000 OR LESS:** For public work claims of \$375,000 or less between Contractor and District, if District has not elected to resolve disputes by arbitration pursuant to article 7.2 (commencing with section 10240) of chapter 1 of part 2 of the Public Contract Code, the provisions of article 1.5 (commencing with section 20104) of chapter 1 of part 3 of the Public Contract Code apply ("Article 1.5").

For purposes of Article 1.5, "public work" has the same meaning as in section 3100 and 3106 of the Civil Code. "Claim" means a separate demand by Contractor for a time extension, or payment of money or damages for work done by or for Contractor, payment for which is not otherwise expressly provided in the contract or to which Contractor would not otherwise be entitled, or a payment disputed by District.

Each claim shall be submitted in writing before the date of final payment and shall include all necessary substantiating documentation. District shall respond in writing within forty-five (45) days of receipt of the claim if the claim is less than \$50,000 ("\$50,000 claim") or within sixty (60) days of receipt of the claim, if the claim is over \$50,000 but less than or equal to \$375,000 ("\$50,000-\$375,000 claim"). In either case, District may request in writing within thirty (30) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the District may have against the claimant. Any additional information shall be requested and provided upon mutual agreement of the District and the claimant. District's written response to the claim shall be submitted to claimant within fifteen (15) days after receipt of the further documentation for \$50,000 claims or within thirty (30) days after receipt of the further documentation for \$50,000-\$375,000 claims or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

Within fifteen (15) days of receipt of the District's response, if claimant disputes District's written response or within fifteen (15) days of the District's failure to respond within the time prescribed, the claimant shall provide written notification to District demanding an informal conference to meet and confer ("conference") to be scheduled by the District within thirty (30) days. If the claim or any portion of the claim remains in dispute following the meet and confer ("meet and confer") to be scheduled by the District within 30 days. If the claim or any portion of the claim remains in dispute following the meet and confer conference, the claimant may file a claim as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the period of time within which a claim must be filed is tolled from the time the claimant submits a written claim until the time the claim is denied, including time utilized as a result of the meet and confer process.

If a civil action is filed to resolve claims within sixty (60) days (but no earlier than thirty (30) days) following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide that both parties select a disinterested third person mediator within fifteen (15) days, shall be commenced within thirty (30) days of the submittal and concluded within fifteen (15) days from the commencement of the mediation unless time is extended upon a good case showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

If the material remains in dispute, the case shall be submitted to judicial arbitration pursuant to chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure, Revised 02-28-2017

notwithstanding section 1141.11 of that code. The Civil Discovery Act of 1986 (article 3, commencing with section 2016, of chapter 3 of title 3 or part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration. The court may, upon request by any party, order any witness to participate in the mediation or arbitration process.

Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates not to exceed their customary rate. Such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall state or county funds pay these fees or expenses. Any party who, after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgement, shall pay the attorney's fees of the other party arising out of the trial de novo in addition to payment of costs and fees required under chapter 2.5 (commencing with section 1141.10) of title 3 of part 3 of the Code of Civil Procedure. District shall not fail to pay any portion of a claim which is undisputed unless otherwise provided herein and shall pay interest at the legal rate commencing on the date the suit is filed in court on any arbitration award or judgement.

**ARTICLE 21. DRUG FREE/SMOKE FREE/ALCOHOL FREE POLICY:** All District sites are designated drug free/smoke free/alcohol free. The use or abuse of controlled substances, tobacco products and alcohol will not be tolerated.

**ARTICLE 22. PAYMENT AND RETENTION (Only applicable if contract amount is \$25,000 or greater):** The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the District to the Contractor for performance of the Work under the Contract Documents. Within thirty (30) days after approval of the Request for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the value of the Work performed. The value of the Work completed shall be Contractor best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any surety upon any bond, from damages arising from such Work, or from the District's enforcement of each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment. The Contractor shall not be entitled to have any payment requests processed, or be entitled to have any payment made for work performed, so long as any lawful or proper direction given by the District concerning the Work, or any portion thereof, remains incomplete. The remaining five percent (5%) of payment will be released the District to the Contractor upon full completion of the Work.

**THIS CONCLUDES THE GENERAL TERMS AND CONDITIONS DATED May 23, 2018**  
(Insert date after Board approval date or ratification date)  
consisting of Article 1 through Article 21

**CONTRACTOR'S CERTIFICATE REGARDING  
WORKERS' COMPENSATION**

Labor Code section 3700 in relevant part provides:

Every employer except the state shall secure the payment of compensation in one or more of the following ways:

(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his[her] employees.

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

A handwritten signature in dark ink, appearing to be "ZL", is written over a horizontal line.

**CRIMINAL BACKGROUND**  
**INVESTIGATION/ FINGERPRINTING CERTIFICATION**

This Criminal Background - Fingerprinting Certification form must be taken to the Marysville Joint Unified School District, 1919 B Street, Marysville, CA 95901.

PROJECT NAME OR CONTRACT NO.: Roof Restoration/Lindhurst High School Building "C" between the Marysville Joint Unified School District ("District" or "Owner") and Rua & Son Mechanical, Inc. ("Contractor" or "Bidder").

The undersigned does hereby certify to the governing board of the District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

☐ The Contractor has complied with the fingerprinting requirements of Education Code Section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees have been convicted of a felony as defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; and/or

☒ Pursuant to Education Code Section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: TBD

Title: Foreman

☐ The work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the District pupils.

#### SCHOOL SAFETY ACT – COMMUNICATIONS WITH PUPILS

X In accordance with Education Code Section 45125.1, the District has determined that fingerprinting and certification will be required of the employees of the Contractor who provide services under this Contract (certification form attached).

       In accordance with Education Code Section 45125.1, subdivision c, the District has determined that this Contract is not subject to Education Code Section 45125.1 (a), because the Contractor's employees, including the employees of any subcontractor, will have only "limited contact" with pupils on the site. Justifications is as follows:

       Work will be performed on a day or days when school is not in session (holidays, weekend or non-teaching days – may not include after school hours).

**Rocklin, CA 95765**

Requester's name and address (optional)

7 List account number(s) here (optional)

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I Instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

or

Employer identification number

5	1	-	0	4	3	7	7	0	5
---	---	---	---	---	---	---	---	---	---

**Note.** If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at [www.irs.gov/w9](http://www.irs.gov/w9).**Purpose of Form**

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

AUTHORIZED REPRESENTATIVE

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

**ADDITIONAL INSURED – OWNERS, LESSEES OR  
CONTRACTORS – SCHEDULED PERSON OR  
ORGANIZATION**

This endorsement modifies insurance provided under the following:

**COMMERCIAL GENERAL LIABILITY COVERAGE PART**

**SCHEDULE**

<b>Name Of Additional Insured Person(s) Or Organization(s)</b>	<b>Location(s) Of Covered Operations</b>
As Required by Written Contract Prior to Loss.	All Covered Locations.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

**A. Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

**B.** With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

304

- C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

305

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

## **ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART  
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

### **SCHEDULE**

<b>Name Of Additional Insured Person(s) Or Organization(s)</b>	<b>Location And Description Of Completed Operations</b>
As Required by Written Contract Prior to Loss.	All Covered Locations.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

**A. Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

**B. With respect to the insurance afforded to these additional insureds, the following is added to Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

306

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

**DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE  
LIMIT  
WITH MAXIMUM POLICY AGGREGATE LIMIT**

This endorsement modifies insurance provided under the following:

**COMMERCIAL GENERAL LIABILITY COVERAGE PART**

**SCHEDULE**

<b>Designated Construction Project(s):</b>	
All projects performed by the Named Insured.	
<b>Designated Construction Project General Aggregate Limit of Insurance:</b>	\$2,000,000
<b>Maximum Policy Aggregate Limit of Insurance:</b>	\$6,000,000

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

**A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE A**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE C**, which can be attributed only to ongoing operations at a single Designated Construction Project shown in the **SCHEDULE** above:

1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount shown in the **SCHEDULE** above. However, regardless of the number of construction projects and under no circumstances will we pay any more than the Maximum Policy Aggregate stated in the endorsement **SCHEDULE** above.
2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" regardless of the number of:
  - a. Insureds;
  - b. Claims made or "suits" brought; or
  - c. Persons or organizations making claims or bringing "suits."
3. Any payments made under Coverage A for damages or under Coverage C for medical expense shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the **SCHEDULE** above.

4. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit and the Maximum Policy Aggregate Limit.
- B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expense caused by accidents under Section I – Coverage C, which cannot be attributed only to ongoing operations at a single designated construction project shown in the **SCHEDULE** above:
  1. Any payments made under Coverage A for damages or under Coverage C for medical expense shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
  2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit. They will however, contribute towards the Maximum Policy Aggregate.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit. They will however, contribute toward the Maximum Policy Aggregate.
- D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E. The provisions of Section III - Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.
