

Student Discipline & Attendance

Presentation to the Board of Trustees

December 13, 2016

Attorney General's 2016 Report on
California's Elementary School
Truancy & Absenteeism Crisis
reported the following:

“Three-quarters of all
chronically absent students in
kindergarten and first
grade did not meet the
California state standards in
math and English language
arts in 2014-2015”

It is estimated that 9,700
kindergarten and first grade
students in California were
suspended in the
2015-2016 school year

Low income students account
for 82% of all suspensions and
30% of all suspensions
involved students receiving
special education services

Foster children are suspended
at a rate two and a half times
that of non-foster students

Suspensions disproportionately
impact boys, low-income
students, foster students and
students with disabilities.

Over the past six years, school districts in California have lost an estimated \$7.3 billion in funding due to student absences.

US Department of Education Findings 1996

According to recent statistics,
about 50 percent of prison
inmates are high school
dropouts

High school dropouts are two-and-a-half times more likely to live in poverty than high school graduates and are almost twice as likely to be unemployed.

Truancy is not the problem—it's
an indicator of other problems

In 2015-2016, Marysville Joint Unified School District.....

283 kindergarten students missed
3 or more days of school.

170 first grade students missed 3
or more days of school.

STUDENT ATTENDANCE REVIEW BOARD (SARB) STATS

2015-2016 OPEN CASES: 376

2016-2017 OPEN CASES: 348

Last year, **134** parents were served
with court orders to see Judge
Givens for violating their SARB
Contract

This year, 34 parents have been
served with court orders to see
Judge Givens for violating their
SARB contract

Judge Givens' Courtroom

In Yuba County, 149 petitions
were filed to remove children
from homes of substantiated
neglect, physical abuse or sexual
abuse since July 2015

MJUSD has identified 108
students that are in foster care
and attending our schools

Many of these students have had
to attend multiple schools making it
difficult to keep up with the required
coursework

We have identified over 175
homeless students that attend
MJUSD schools

This means our students live
in adequate housing

Some MJUSD families live in their
cars or in a tent

Some may be doubled up with
another family

Many of our students don't
have a bed to sleep in at night

Many of our homeless students
are considered habitually
truant...

This means they have missed at
least 9 days of school

The best thing about working
in Marysville Joint Unified
School District is that we CAN
make a difference EVERY
DAY!

The hardest part about working
in Marysville Joint Unified
School District is we NEED to
make a difference every day

**Our kids depend
on us!**
