

# Marysville Joint Unified School District Career Technical Education 2021-22

The Marysville Joint Unified School District offers 20 sequenced pathways in 8 industry sectors consisting of at least 300 hours of instruction. Sequences are typically taught over a two-year period. CTE courses combine academic and occupation-related course requirements. Many CTE courses count for college credit and are A-G approved to meet minimum admission requirements for the University of California system.
