

Welcome to the 2022 March 9, additional teacher PD day. The intent of this day is to provide you the time to sit back and engage in your own professional growth. Below is a menu of session that will be of most interest to you. Each session will have independent attendance taken in real time and supplemental timesheets will be completed for you in the system. Each session is set for 30 participants and will be filled on a first come-frist served basis. Some will have larger capacity depending on presenter preferences.

This is an optional, extra duty day. Certificated staff working under the MUTA contract may register for and receive pay for up to 6 hours. If you choose not to attend, this is a day off due to the required Keenan SafeSchools videos watched earlier in the year on your own time. Register for courses at tp1.goteachpoint.com (Check your email for detailed instructions).
