

MJUSD Instructional Coach (Collaborator) Menu

- Supporting teachers supports students. We are here to partner with you on individualized professional development.
- Choose from a variety of options. Mix and match to design a plan that appeals to you
- Let us support you in reaching individual, school, and/or district goals
- Looking for something that is not on the menu? Order it anyway - we're happy to cook up new creations as needed
- NOTE: we are not experts, but we do gather a wide range of ingredients and techniques from other chefs

| <i>Appetizers</i> | <i>Entrees</i> | <i>Desserts</i> |
|---|--|---|
| Resource Locator: Let us gather information and/or resources for you to use in upcoming instruction. | Lesson Data Collector: Ever wish you had another set of non-judgmental eyes to help you monitor something or someone and collect data for you during a lesson? We can do that! | Reflection: After a classroom observation, meet to debrief and reflect on student learning. Enhance that observation by using video to record. |
| Co-planning: Having trouble coming up with an upcoming lesson or unit of study? Let's plan together! | Team Teaching: Ever wish you had another teacher in the room for that one class? Plan a lesson together and co-teach it using one of the many co-teaching strategies. | Brainstorming Session: Bounce ideas off of each other until we reach the perfect solution for your students! |
| Differentiation Support: We can help tailor your lesson to the needs of all students - GATE, EL, IEP, etc. through activities, movement, and so much more! | Model a Lesson: Want to see a certain instructional strategy in the works, but too nervous to try it out? Let us be the guinea pigs and demo the lesson for you! | Active Listener: Need to talk? We are here for you. Structured time for a coach to listen to your needs in a confidential setting. |
| Classroom Coverage: Want to learn by observing your colleagues in action? Allow us to cover your class while you observe others! | Data Analyzer: Together, we will look over data from a formative assessment and make practical instructional decisions from that data. | Technology Support: Need ideas or help incorporating technology for best instructional practice? Allow us to help! |
| Classroom Management: Let's develop & establish behavior expectations, routines, procedures, & positive recognition programs. | Coaching Cycle: Together, we will go through a process in which we learn from one another and share ideas for strategies that will increase student achievement! Through dialogue and data review, we will develop an action plan, set goals, and collect and review data to guide us through our learning. | Organizer: We'll help you organize instructional materials, lesson resources, create differentiated groups, etc. |
