## NOTICE TO PARENTS

Dear Parent / Guardian:

Marysville Joint Unified has adopted an Integrated Pest Management program. Inherent with this are the school's efforts to reduce pesticide use as much as possible. While it may occasionally be necessary to apply pesticide, this will only be done as a last resort. You have the right to be informed prior to any pesticide application that might be needed at your children's school. In an emergency, pesticides may be applied without prior notice, but you will be provided notice following any such application. To receive notification, please complete the following form. If the form is not returned, we will assume you do not want to be notified prior to application.

At any time, should you have any questions or concerns about pest management within your children's school, please contact the Supervisor of Grounds at 530- 749- 6185 or Advanced Integrated Pest Management at 800- 655- 3993.

----- Please cut here and return bottom portion -----
