Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

In reference to the state's current LCFF Evaluation Rubrics:

SUSPENSION RATES

Although the district decreased suspension rates overall, 9 out of 20 sites evidenced increased suspension rates with 4 of the 9 rated in the high or above category for number of suspensions. 11 out of 20 sites evidenced decreased suspension rates, however 6 are still rated in the high category for number of suspensions. Although the Homeless subgroup decreased suspensions by .2%, 10.6% of our homeless population have been suspended placing us in technical assistance. To remove ourselves from technical assistance, we must decrease our suspension rate for our Homeless subgroup from 10.6% (24) to at least 10.3% (23). Sites monitor and collaborate to improve these rates through monthly suspension/expulsion reports. The MJUSD governing board has approved board policy and an administrative regulation authorizing the district's Homeless Liaison to facilitate or represent a homeless student who is undergoing a disciplinary proceeding that could result in his/her expulsion. In addition, when notified pursuant to Education code 48915.5, the district liaison shall participate in an individualized education program team meeting to make a manifestation determination regarding the behavior of a homeless student with a disability. Through the LCAP, the district continues to provide technical support to all students and sites via Positive Behavioral Intervention and Supports (PBIS), Homeless Liaison, SARB secretary, onsite attendance clerks, counselors, and school resource officers.

ENGLISH LANGUAGE ARTS ACHIEVEMENT

Of our sites serving K-8 students, 13 out of 16 did not achieve state expectations for meeting state standards (level 3). Compared to the prior year, 7 of these site have shown improvement, 3 have maintained their performance level, and 6 have continued to decline in performance. Of our 14 subgroups, 12 did not meet state expectations. Compared to the prior year, 5 of these subgroups have shown improvement, 6 have maintained their performance level, and 1 continued to decline in performance. With 4,094 total students represented on the dashboard, immediate concerns are ensuring resources and support are provided for our African American subgroup (140), Homeless (69), Students with Disabilities (685), followed by Foster Youth (56), English learners (1,328), Hispanic (1,766), and Socioeconomically Disadvantaged (3,454). Local indicators represented through site based formative assessments and Renaissance learning software corroborate this evidence.

MATHEMATICS ACHIEVEMENT

Of our sites serving K-8 students, none achieved state expectations for meeting state standards (level 3). Compared to the prior year, 5 of these sites have shown improvement, 5 have maintained their performance level, and 6 have continued to decline in performance. Of our 14 subgroups, none met state expectations. Compared to the prior year, 3 of these subgroups have shown improvement, 7 have maintained their performance level, and 4 continued to decline in performance. With 4,096 total students represented on the dashboard, immediate concerns are ensuring resources and support are provided for our Homeless (70), Students with Disabilities (684), followed by Foster Youth (57), African American subgroup (140), American Indian (103) English learners (1,330), Hispanic (1,769), and Socioeconomically Disadvantaged (3,456). Local indicators represented

through site based formative assessments and Renaissance learning software corroborate this evidence.

ENGLISH LEARNER PROGRESS INDICATOR

The state's current LCFF Evaluation Rubrics compare data from 2015-16 to 2016-17 showing English learners continuing to be challenged in exhibiting ongoing progress on the state English language development test coupled with below state average results in regards to the number of students being reclassified. The state deems that 13 of our sites represent "significant" numbers of English learners. Compared to the prior year, 6 of our sites showed improvement, and 7 declined in performance. Local indicators represented through site based formative assessments and Renaissance learning software corroborate this evidence.

To improve and identify need in a timely manner for English Learner Progress, English Language Arts and Mathematics Academic Achievement, the MJUSD is in the process of developing strong Professional Learning Communities at each of our sites. The MJUSD has increased daily minutes at each school site to allow for site level Professional Learning Communities to meet to discuss standards, assessments, student achievement, and intervention practices. Professional development focuses on teacher collaboration by grade level as well as vertical collaboration amongst grade spans. The clearer understanding of state standards and subsequent development of formative assessments is leading to stronger collaborative discussions centered around current student academic data and support of students through immediate intervention. The district is in the process of developing a plan for pulling formative assessment data from the sites to create an overall picture of student achievement within the district, and at the same time providing sites local autonomy to make the best decision in regards to assessment development and evaluation that best meets the needs of their student populations. In addition, the MJUSD governing board approved state adopted K-8 ELA/ELD and Mathematics curriculum for all students in the district. With full implementation and professional development, the district foresees immediate improvement in instruction and student learning. At present, the district's professional development evaluations show an ongoing 4.8 or higher out of 5 rating for presenters aligning the objectives of the program activities with professional needs towards teaching the California State Standards, presenters preparing attendees in implementing new ideas or strategies for the California State Standards, and presenters supporting the same course of study for all students through pacing, benchmarks, and Professional Learning Communities. The district will continue to provide research based professional development, technical support, and parent engagement strategies to ensure these sites make adequate progress. District local indicators include our D/ELAC stakeholder surveys, Professional Learning Communities, and site based formative assessments. Current surveys show overall parent satisfaction in school environment, safety, and academic support of students. The district continues to support communication with families of English learners through School Messenger and district translators.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

The MJUSD has had positive results through LCAP activities in closing the achievement gap and continues to maintain high expectations for all subgroups by making every effort to provide all students with opportunities to take classes alongside their typically developing peers. Sites are beginning to provide multi-tiered systems of intervention and Universal Design for Learning. The

MJUSD through Professional Learning Communities is diligently working to ensure that all staff members demonstrate an unflinching commitment to ensuring "all means all" when it comes to preparing each and every student to graduate and be a successful member of society. In regards to suspensions, the MJUSD is supporting all students through PBIS, SARB support, and site level collaboration.

Our Homeless (86.1 points below level 3) and African American (70.4 points below level 3) subgroups demonstrate a performance rating of more than 2 levels below the "All Student" subgroup (43.6 points below level 3) in English language arts. ELA/ELD curriculum has been purchased that provides intervention and acceleration materials for all students. Middle schools and high schools are in the process of piloting new intensive intervention materials that are intended to accelerate student learning. Teachers need to be supported in collaborating on how to best use these materials in a multi-tiered program.

For English language arts and mathematics, teachers are receiving ongoing professional development in the implementation of this curriculum. Professional development focuses on the understanding and pacing of standards leading to the development of formative assessments and timely data analysis and intervention. All sites are receiving professional development in the implementation of Professional Learning Communities.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Increased or Improved services

For 2018-19, with an unduplicated count of 81.60%: all MJUSD goals are designed to close the achievement gap and meet the needs of these targeted students. With the established goal and programs defined in the LCAP, all students will benefit from these services. The expenditures of these funds are outlined in the activities and allocations in the development of MJUSD's three strategic goals shown on the subsequent pages and in the budget documentation. Stakeholder input through the public forums framed the MJUSD LCAP plan that largely features centrally distributed services to English Learners, students of low-income families, and foster youth through site-specific programs and personnel. The MJUSD is expending these funds to provide access to greater numbers of highly qualified staff, well prepared to collaborate and implement research based California standards aligned curriculum, a strong system of support and collaboration amongst all stakeholders, additional access to intervention, acceleration, health and counseling services, and a broad course of study in a healthy well maintained environment for all students.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services in the 2017-18 LCAP took place with successful implementation with the exception of 1 FTE elementary music teacher, 2 FTE athletic trainers, 1 FTE Speech TOSA (lack of qualified applicants), and quantity of Title III Professional Development (will be carried over to 2018-19). Evaluation of metrics previously listed showed improvement in all areas.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

All actions and services in the 2017-18 LCAP proved effective per the evaluation of metrics previously listed showed improvement in all areas.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Budgeted expenditures and estimated actuals are comparable. Instructional materials costs were more than expected, and LCAP carryover from prior year was used. The district made every effort to find qualified FTE (music teacher, athletic trainers, and Speech TOSA) and will continue the search into 2018-19.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Unchanged Goal

Goal 1

Goal 1: Provide learning opportunities that result in increased academic achievement and ensure quality classroom instruction for all students, including support systems that meet the needs of the targeted population.

State and/or Local Priorities addressed by this goal:

State Priorities:

Priority 1: Basic (Conditions of Learning)

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Best First Instruction, PD, Instructional materials, Music, K-3 CSR, Intervention/acceleration courses, A-G access,

Identified Need:

Stakeholder input established the need for the addition of districtwide intervention and acceleration classes, a broader coarse of A-G requirements, improved student literacy, access to more music programs, maintaining number of Career Tech Ed courses, and the reinstatement of the Junior Air Force Reserve Officers Training Corp (JRAFROTC) program at LHS to provide learning opportunities that will result in increased academic achievement, increased reclassification rates, improved student attendance, and higher graduation rates. In addition, maintaining K-3 class sizes no higher than a site average of 24 students is in the best interest of students. Not only has stakeholder input and student achievement results shown an ongoing need for increased educator professional development, based on federal and state guidelines, MJUSD must ensure all MJUSD teachers are state qualified in all courses they teach.
