2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	15	10.5
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	4.5	10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

K-8 “State-adopted” instructional materials are those instructional resources which the State Board of Education (SBE) has formally “adopted” for use in the classroom. This action is required by the California State Constitution, Article 9 Section 7.5. The SBE considers K-8 instructional materials for adoption following a thorough review process outlined in both law (EC 60200) and regulations (CCR, Title 5 sections 9510-9525). There are no state adoptions for grades nine through twelve. LEA governing boards have the authority and responsibility under EC Section 60400 to adopt instructional materials for use in their high schools for grades nine through twelve.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	21		32		47	
Mathematics (grades 3-8 and 11)	15		18		33	

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Educating our children is a team effort. We rely on and welcome parent involvement to help us reach our goals and provide successful experiences for every child. There are several opportunities for parents to be a part of their children's learning experiences. These opportunities range from our newly established Parent Teacher Organization (PTA) Site Council, ELAC and fundraising to volunteering in the classroom, chaperoning field trips, and serving on district committees as volunteers and staff members. Parents are a critical component and a welcome addition to our school family. We meet monthly, come join us. The last Monday of every month at 8:30 AM we have ELAC Meetings in Room 8 and the SSC meets on the last Friday of every month at 8:30 a.m.

2023-24 School Safety Plan

Each school site has adopted a Comprehensive Safe School Plan to ensure our school environment is conducive to academic achievement. It is a working document reviewed on a regular basis and has been developed through our School Safety Planning Committee (SSC). This Planning committee is composed of school staff, district staff, community members, and local law enforcement. We work closely with other school administrators to ensure that all school safety plans are consistent throughout the district. Improvements and revisions are made with the help of local law enforcement at least one time per year. In August, school administration met regarding school safety with district staff and law enforcement to walk through the sites to review safety concerns and propose improvements. The SSC convened on August 29, September 26, and October 31 to review current safety protocols and procedures. These meetings will continue monthly.

Signs are visibly posted throughout the school, requiring all non-school employees to register at the office through our RAPTOR system. All staff members are trained to stop and question any person not wearing an identifying badge issued by the office. The Site Council formally adopts the Safe School Plan, which is board approved before March 1 every year. The plan includes the following major elements: safe school goals, safe school strategies and programs, child abuse reporting procedures, disaster response procedures, suspension and expulsion policy, sexual harassment policy, suicide risk assessment protocol, threat assessment and wellness plans, safety standards for arrival and departure, and school discipline.

The safety of our students and staff is our top priority. Staff and students participate in safety drills designed to address potential emergencies at our school, including fire evacuation, earthquake drop and cover, and lockdowns in the event of an on-campus intruder. The first round was conducted in October. Catapult EMS is our communication system used during emergencies to inform staff, the District Safety Team, and law enforcement of a school incident or crisis. The system uses real-time student accounting, staff location check-ins, threat report management, and messaging through text messages and emails.

Fiscal Year 2022-23 Types of Services Funded

The Local Control Funding Formula (LCFF) creates funding targets based on student characteristics and provides flexibility aligned to increasing or improving services for districts to fund strategies at the local level to improve student outcomes. Our Local Control Accountability Plan outlines LCFF expenditures based on the following goals: 1) Improve Academic Performance by creating an academic system that addresses and engages the various identified needs of all MJUSD students; 2) Create an environment that addresses the physical, emotional and safety needs of all students and staff; 3) Prepare every student with the skills needed for college and career readiness; 4) Build a system of specific support for our EL (English Learner), foster and low SES students; 5) Improve the meaningful school to home relationship. 6) Improve access and inclusion opportunities for Special Education.

Base grant funding provides core, direct instruction and support to students, funds teachers, site administration, district office personnel, maintenance, special education, and all other operating expenses. Each site receives a discretionary allocation. Sites are not responsible for home-to-school transportation, utilities, routine and deferred facility maintenance, custodial or grounds upkeep. Sites also receive support services such as academic and social-emotional counseling, health, and psychological services. School sites receive additional monies for supplemental academic interventions directed to targeted students who are not performing at grade level.

Professional Development

The Marysville Joint Unified School District Board of Trustees believes that, in order to maximize student learning and achievement in all subgroups, staff members must be continuously engaged in learning and improving their skills through professional learning and collaboration. The district offers a program of ongoing professional development which includes opportunities for teachers to enhance their instructional practices and improve student engagement and educational outcomes. Along with ongoing articulation through Professional Learning Communities (PLCs) and trainings scheduled during and after school, teachers have 24 hours (equivalent to 4 days) of additional professional development during non-instructional hours or days yearly for Professional Development. In addition, all new teachers hired before the New Teacher Training in August were invited to participate in up to 2 additional professional development days. District summative data has illustrated a need for professional development in the areas around school and classroom culture, behavior management, as well as EL strategies, and best practices in Mathematics, Literacy, and Science.

This table displays the number of school days dedicated to staff development and continuous improvement.
